Great program this week! CORRAL was formed in 1987 to provide equine-assisted learning for physically and mentally challenged individuals. They are a non-profit that provides classes free of charge to a variety of adults and children.

If you get a chance, take a trip out Roscoe Road to their barn. The horses are trained to accommodate new riders with special needs. I've been lucky enough to see their operation first hand, and it's really quite special. I was privileged to see the joy of a special needs child that has difficulty walking, riding a horse. For a few moments he was free of any physical restraints. He was a partner with a powerful animal that took great care to keep him safe. These are special people you'll meet.

Thank you to those who signed up for committees. We had a great response last week, and we will be following up shortly to get each committee to start communicating with one another.

We still need someone to take on the "Coweta's Got Talent" project. Let me know if you're interested in adding this to your resume.
