Can art be therapeutic? I think most of us would say, "yes," as we have direct experience confirming such. For Tolstoy, the purpose of art was to provide a bridge of empathy between us and others. For others, it is a way to exercise excess emotions. Maybe, however, art allows us to reconcile the two. Kim Ramey started Backstreet Arts to provide a free space to those wanting (needing) a space to do both.

We're going to be more interactive this week. Not just a presentation, but a discussion of what art means to our community. Come hang out and join the discussion!

BBQ

Thank you to Bob Mason and Marvin McCoy for taking time out of their days to cook us up some delicious BBQ last Thursday. It was much appreciated, and provided leftovers for several days of sticky, meaty goodness.

I think in the future, we will have an RSVP for members to respond to before we go to the effort of setting up a club social.
